

# Bay- Friendly Gardening/ Water Conservation Workshop

Saturday, May 2nd - 9:00 am – 12:30 pm  
Regional Meeting Room – Civic Center

Water is a precious resource. Join us for a free and informative workshop to learn how to replace your lawn with a beautiful, healthy low water-use garden. Bay-Friendly Qualified Professionals will demonstrate lawn conversion using the innovative technique of sheet mulching. Following Bay-Friendly practices; learn how to conserve natural resources, create a vibrant garden, and save time and money. Zone 7 will share expert advice on water conservation and rebates; BlueBarrel will explain how and why rainwater catchment systems are good for our water climate.

## Workshop Schedule

- **Lose Your Lawn – 9:00 - 9:45** ◇ Demonstration and discussion on how to lose your lawn the easy way, using sheet mulch.
- **Bay Friendly Gardening – 9:45 – 10:45** ◇ A Bay-Friendly landscape design professional will show you how to transform your boring, water-hungry lawn into a beautiful, low-maintenance, wildlife-friendly garden. Focus is on design and plant selection that works for you.
- **Water Conservation Tips and Techniques – 11:00 – 11:45** ◇ Zone 7 will share information on outdoor/indoor water conservation and rebates. Learn about the Tri-Valley Water-Wise Gardening website - a great local resource on design, irrigation, and photos.
- **BlueBarrel RainWater Catchment System – 11: 45 – 12:00** ◇ Learn about rain barrels and how they can supplement your garden watering.

**Free water conservation giveaways and Bay-Friendly plant raffle. You must be present to win. Don't miss this informative and timely event!**

To reserve a spot (recommended,) go to [Water Wise Workshop](#), or call (925)833-6630.
